

Hi there. I'll be your buddy at the Uni. I'll be guiding you through all the administrative paperwork. I'll provide you with advice for daily life and I will gladly help you with academic matters if needed.

Hey! Well, that's nice. I look forward to meeting you. Shall we go out for a drink sometime soon so we can get to know each other?

Sure, let's meet at 9pm on the campus then!

Deal!
